## Favors & Gifts Recap:

### Attendant Gifts

What to spend – generally between \$50-\$150, but it's the thought that counts!

When to give them – during rehearsal dinner, bridesmaid's luncheon or any private moment

Gift Ideas – see our list!

### Wedding Favors

What they'll cost – anywhere from \$1 per guest and up

How/when to give them – it's all about presentation! Place them at individual place settings, on their own display table or personally hand them out. See our list of creative package ideas.

What to give – see our list of unique favor ideas!

### Welcome Baskets

Costs – spend as little or as much as you'd like; even just a bottle of water and some candy in each room is a nice gesture.

Remember – one per guest room, not one per guest.

Delivery – inquire about your hotel's policies; they will either place one in each guest room or give them to guests at the check-in counter upon arrival.

What to put in them – essentials (water, snacks, mints etc.), wedding information (timeline, phone numbers, directions, local attractions), regional items, introducing first time visitors to your wedding location.
